

Question 12: What would you NOT change about Place Riel?

A lot of the services that are offered in Place are fantastic; all are extremely helpful!

A place to buy coffee. A place to look at art (there is some hidden art, a Chuck Ringness print!). A place to sit. A place to find help.

A&W

a&w, pizza place, eating area

A&W, Treats, Crepe Factory, Bene Pizza, escalators, ATM machines

ability to quickly go through Place

ability to simply pass through on way to class

access to computers, food, bus info and services etc

All of the businesses should stay. As in, don't boot anyone out.

all of the nice plants

All the food places are great

All the services offered there are essentially right now.

all the things now in the PLACE RIEL.

all the windows

amount of seating

an eating area/foodcourt. the cove

As a building, it works. Anything that the admin. wants to change would just be for asthetic purposes and totally unnecessary.

ATM access, INFO centre (maybe a more prominent/larger location)

atms

ATMs on the main level is good.

Availability to the rest of campus.

Bank machines and escalator

Bank machines, pharmacy, tunnel to the MUB, **easy access to the USSU offices**, **the name**

Bank machines.

banking, crepe factory

Bene Pizza and all the banking options.

Bene Pizza.

can't think of anything

Change everything

clean bathrooms

computer row

Computer store and Centre Shop are convenient when I'm there.

Couches or other sitting areas

Cove and campus computer store

Crepe Factory

current employees, the escalators must stay.

current services

current stores, locations of atms,

different tables set up daily

do not touch Treats

Do not turn it into a mall....keep the common spaces, lots of seating, and lots of natural light, ie. skylights etc.

Don't change the current bussinesses

Don't expand it. Its perfect the way it is.

Don't lease areas to outside companies - keep profits within the university.

Don't make what is now upper place annoying to walk through- keep it open.

dunno

easy access to everthing and all the signs

easy access to important services

Easy to access stores such as PO and bank machines

eating

escalators

escalators

escalators

escalators

escalators

escalators

Escalators and ATM machines.

escalators and plants

Escalators, campus cove

escalators, tim hortons

Esceator, Love it!

everything?

Flowthrough functionality

food and administrative services

food ect.

Food services must stay.

Foodcourt seating.

free computer terminals. although they could be changed so people can only use paws on them. no hotmail, games, facebook, etc.

simple to limit access to usask only webpages.

free-style

Getting rid of the big square chairs upstairs, unless it was new ones.

Good atmoshpere and advertisements - feels like a campus.

good how it is

Good place to meet up with friends and warm up from the freezing cold

good place to run into ppl

Having the pharmacy right there is great

High speed escalators

hte businesses downstairs are convenient, upstairs has too many ppl passing thru to put food stuff, its more of a shelter area while waiting for bus

I actually like the brown color scheme. It would bother me if it became TOO different.

I believe that all the services that are offered in place riel must stay. They are all necessary.

I believe the design and layout are appropriate for students.

i don't know

I enjoy the present layout and I do not support the planned renovations and feel they are a gross waste of funding.

I found the information both, the postal service and the campus pharmacy are excellent additions to the Place Riel space.

I like all the space for students to sit, chat or study. I also like how the commercial services is a central place on campus.

I like being able to do banking in Place Riel. That is great. I like the services already provided, the pharmacy, the post office, the computer store, the salon. I like those as they are.

I like having businesses in there. Keep the shop with all the Huskie apparel, the pharmacy, Treats, and having that booth along the main pathway that has a variety of people using it (Safewalk, etc)

I like how it is a gathering place.

I like how there is a place to stop and a meet with friends as well as eat and relax

I like how there is bank machines and that everything is easily accesible. As well the cafeteria area is wonderful!

I like that its a quick way to get around. I think it would be bad if there were less space to walk.

I like that there are a large variety of services gathered in one accessible place.

I like the ATMs, Television, and food court.

I like the Campus clothing store downstairs

I like the centre shop, the crepe factory and the pharmacy.

I like the food places and seating in lower place (there just isn't enough seating)

I like the large area to eat and chat with friends in lower Place Riel.

i like the layout of upper place, its spacious and u never have trouble getting what u need

I like the natural light

I like the open-ness of it

I like the Post Office being in Upper Place Riel. The large TV in lower place Riel is nice.

I like the presence of the eating area and the computer store and the food places.

i like the way it connects the campus/buildings. and has doors to get in from different places.

I LIKE WHERE INFO AND THE USSU OFFICE I LOCATED

I like you can catch the bus there

I llike the big windows in upper place beside where you sit and wait for the bus

I love its location on campus. Very very convenient. (Especially when the buses drop you off right at the front doors.)

I think it is pretty good how it is, as long as CUPE comes back to work.

I think it's fine the way it is. It doesn't need to be changed

I think it's pretty good right now! Don't change the big seating area for students to sit and wait for their buses. Keep the post office and information centre upstairs.

I would just leave it the way it is.

I would keep the bank machines, the pharmacy, the Global Commons, and the eating areas.

I would keep the food service downstairs.

I would leave the large seating area in lower place, where everyone can sit and eat.

I would not add additional stores.

I would not change the escalators or the bank machines. I would change however the main seating area.

I would not change the services that are available at Place Riel (postal, pharmacy. etc..)

I would not change the tables/chairs across from A&W.

I would not get rid of the brick style floor, I just despise asphalt tile.

I would not take out the establishments which sell food

i would not want any less seating

I wouldn't add anymore food places. Everyone food group is pretty much covered, it works well.

I wouldn't like to see it become more commercial and flashy.

I wouldn't want to really change anything

I'd keep all the services that are presently there

I'd like to see pretty much everything change.

I'm not married to anything there but leaving the Cove and the existing restaurants probably not a bad idea.

I'm not really attached to anything about Place Riel.

Info Booth/Post Office

Info kiosk, escalators

Information booth couches.

it can all go

It has a history doesn't it? Don't completely demolish that.

It is "the place" for meeting people because everyone knows where it is.

It's a good commons place... like the safewalk idea...that's a good one...um...keep treats...they're a good time.

it's a high traffic area, and there's lots of space for people to move through and that shouldn't change

Its accessibility

It's actually pretty good the way it is.

its atmosphere..it is familiar and functionally comfortable....no uber modernization like Louis' (yuck)

Its location

It's location.

it's location. and the escalators. please do not get rid of them.

Its name

It's never crazy busy which is good.

Its not too bad right now. I don't know if the U of S has enough students to make it feasible to make major renovations to Place Riel

its specific atmosphere

Keep it as a public resting place

Keep local / smaller businesses like campus computer store, treats, crepe factory, etc

Keep most of the same services that already exist in Place Riel,
except the Campus Cove could probably be relocated if needed
keep the food chains, computer store, health & dental office
Keep the healthier food choices
keep the info booth in upper place

Keep the information Kiosk but move it to the centre of entrance hall.
keep the information desk
Keep the restaurants.
Keep the TV but upgrade it.
Keep Treats and the free phones!
keep treats and the other eating places
kiosks
Large, open spaces.
layout
leave escalators in
leave lower place commercial
Leave the benches by the Post Office.

most of the current businesses/food services
most, it's cheaper that way
n/a
na
Nice to have all the services in one general location, food, post office,
etc.
No
Not add commercial spaces (except places to eat) - it's a university,
not a shopping mall.
not make it a central meeting place - it would be too busy and you
would never get a chance to sit and relax/study
Not really.

that it is a great place to socialize.
That the businesses are down there and accessible.
the access to the post office
The amount of seating normally available.
the amount of services available is very convenient all in one place.
The amount of T.V. screens.
the arcade, its a good place :)

The atm services are great.

the atmosphere

the atmosphere

The Bank machines are handy to have there!

The bank machines MUST stay. So must the post office, info centre and pharmacy. They allow me to cut down on my errand time by being conveniently located.

the banking and postal services available

the bathrooms

the benches in the lobby/foyer

the big screen tv

The big seating are by the entrance.

The big TV

The Bookstore and the Computer Store

The bus drop-off.

the bus terminal.

The businesses already located there meet students' needs and the seating in the area by the doors is great for waiting for buses.

The businesses and services that are already there.

The businesses and services.

the businesses located there.

The campus computer store

The Campus Computer Store, and the big meeting areas. The Centre Shop is also great.

the center shop

The center shop and computer store obviously.

The Center Shop has come in handy many many times. I appreciate its existence.

The center shop is essential.

The computer store and the merchandise location across from it are both great services to have on campus

the concept

the convenience of a number of different services in one place - its really handy to have the bank and to be able to buy food and school supplies and send mail from place riel.

The convenience of the services that are already there

the couches to wait for the bus

the cove

the Cove

The Cove in LPR.

The Cove is the single best place at the U of S. Without it University would be uneventful and boring

the cove! it should be bigger!

the cove, food services, computer store, book store

The cove, i think that is very good. -Jugo Juice and Extreme Pita is AWESOME. -The Crepe place is also most excellent.

The cove. The eating area with TV. Campus Stores.

the crepe place and friendly workers.

the crepe place!!

The current stores and offices.

The dispersion and variation in services is something I do like

The easy access to everything

the eating area downstairs

The eating areas and sitting areas are pretty nice. And I like that I can access ATMs pretty easily.

The eating establishments

The eating spaces.

the eating tables

the escalators

the escalators

the escalators

The escalators

the escalators

The escalators, food court downstairs, general store, the Cove, prettymuch everything.

The escalators.

The escalators.

the establishments that are already there

the existing businesses should not go

the existing services

The facilities it has right now, not reduce any of it.

The fact that it's like a hub. Great place to bump into people and hang out.

The fact that there are tables that are in an uninclosed space that can be used for eating at, studying at, just visiting, or whatever.

The feel of it being the main place where people go to.

the flow, it's nice to see all the students

The food court

the food court. the island ink jet service.

the food outlets

The food outlets.

The food services

the food services

The food services (if we had them right now, anyways)

the food we have now

the free phone should stay, as should the bank machines and post office, although the location of the post office right now isn't ideal.

the game room

the general layout

the goods and services

the huskie store, the atm machines, the computer store or the dental/health office and Treats

the info booth

the info center is the best thing going on in Place Riel

the ladies washroom.

The layout downstairs is fine. Keep the look the same, just add to it.

The layout, it is effective, and moves traffic nicely.

The layout. The businesses can change, but the layout is deadly.

The lounge area when waiting for the bus

The main entrance/commons area.

the name

The name, the current services or the amount of seating. I don't think that quite study areas are needed in Place Riel. That is what the Library is for.

The name.

The name.

the number of seats in lower place and the huski store

The open area. It's generally pretty easy to pass through even during busy hours of the day. Also, I wouldn't change having more than one entrance. It's easy to pass through as it currently is.

the open door policy

the open layout

The open space, it's nice and flows well without ever getting too crowded (unlike the tunnels)

the openness

The openness. The ease to move freely and comfortably.

The people!

The people, especially the centre shop crew, they are so helpful

The pharmacy, information booth, post office, places to get food from, computer store, and the centre shop!

the post office and information centre

The Post Office, ATM machines, The Crepe Factory, The Centre Pharmacy, and the eating area in Lower Place.

The post office, the food services

The restaurants and campus stores.

the retail locations already in there, they are well suited

The seating area right as one enters upper Place should stay.

the seating available upstairs in place riel and the student service centers.

the seating, we need more

The seating. there should be more.

The services

the services currently offered

the services provided

the services we have

the services, like info. desk, a&w, post office, treats

The sitting areas, information area, ATMs

The sitting arrangement and the food stores

the size of the global commons. This is an important service.

the sofas info center

The space to sit and hang out with your friends.

The space; we need as much as it as we can get, considering how many students usually stampede through there.

the stairs

The store.

the stores

The Ticketmaster retailer.

The tuck shop and student office centres.

the Tuck shop, computer store and USSU office

The tunnel

the tunnels

the variety of "businesses" there is good.

The variety of bank machines and info kiosk.

The variety of services offered.

The variety.

The waiting bus area

the way you always run into someone you know and tim hortons

The wheelchair accessibility

The windows

There are valuable services there, which are useful.

There is a good traffic flow. I like the openness of the building. It really is good when class lets out.

There is lots of space to move and walk around, wouldn't want to cramp the space.

There is nothing that really needs changing.

Things that are purely aesthetic, why waste our money

tim hortons

time hortons, computer store, treats, USSE office, info desk, post office, pharmacy, campus cove

Treats

Treats

Treats

Treats and Campus Computer Store

treats is great! It's nice to have access to more nutritious food.

treats.

TV!

Unsure

unsure.

Upper place riel is fine just the way it is actually. it has a wide and open feel to it while the lower place riel feels snug and cozy. has a warm and fuzzy feel to it
