

Question 9: Are there any other businesses and/or services you would like to see located in Place Riel?

A bank, perhaps?

A better eating establishment maybe.

A book shop.

a booster juice would be nice. not a fan of jugo juice or whatever

a computer lab

a confectionary-type store

A convenience-style store would be awesome. At the Univ of Iowa we had such a store in the student center and you could get milk and simple groceries (bread, soup, etc), and snack foods. It was handy.

A convenience store maybe

A different variety of food services that can be used with the meal plan.

a directory of where all the services are on campus- if you don't know where they are they are hard to find and not all people are friendly if you ask them.

A full service tim hortons where you can get soup and sandwiches a good place to eat, not greasy burgers or pizza

a grocery store

A grocery store (convenience store where I can pick up a carton of milk on my way home)

a grocery store so that fresh fruit,vegetables and actual healthy choices are available for students at a affordable price. A sushi bar

A grocery store?

a health food restaurant that isn't extreme pita (i.e. pita pit)

a healthier meal choice that isn't too pricey. I think a salad store that charged like 3 or 4 bucks a salad would make a killing.

A healthier vegan/vegetarian place to eat/food options

a job board would be nice

A larger variety of food services so that students have a variety of options to choose from for their lunches.

a laundry mat for the non Res students would be a good thing to try out. A grocer/convenience store too (ie Max, 7-11) would be nice too.

A layout that allows maximum traffic flow

A MacDonalds would probably do pretty well at the university.

A Macdonald's, but i am sure that that is not going to happen.

A mall! Just kidding - but sometimes I just need a break and like to browse through shops. Even when there was a hair/tanning studio with purses and such, it was nice to have.

A McDonald's a Starbucks

A mini convenience/grocery store for quick grocery shopping needs.

A mini grocery store for basic daily items.

A pharmacy

a photocopier

A place that sells healthy food alternatives. We don't need any more fast food.

A place that serves healthy choice alternatives.

a post for campus security. post would provide students with security persons all the time. STARBUCKS!!! copy/print store small organic/local produce shop health station-community nurse. health advice.

A real pharmacy chain, fresh foods (fruit, veggies, baked goods)

A small bookstore for casual reading.

A small grocery store

A small grocery store of some kind- i.e. somewhere that sells milk, bread, fruit, veggies- the staples, so I don't have to make another stop on my way home

A small grocery store where I can get milk on the way home might be nice.

a subway

a subway would be nice, instead of an A&W. a student co-operative selling fair trade foods and drinks.

A TD Bank ATM machine. A coffee shop of some sort....preferably a Starbucks....but since that is highly unlikely a Tim Hortons would be great.

a td bank machine! more food services

A TD bank machine,

a TD canada trust ATM machine

A TD Canada Trust bank machine!!!!

A TD Canada Trust banking machine

A TD Canada Trust teller

A technologically focused store like "The Source" or along those lines.

A tv room for ppl who don't want to just watch the news or sports.

a vegetarian friendly restaraunt

Academic services ie. Math help centre

additional services would be appreciated and they should be instated along similar lines to those already in place. Perhaps a non fastfood option.

Again, likely just different varieties of food.

Alcohol Store

An actual Starbucks

an ice cream shop

An offsale would do well, in my opinion

An OPA! would be sweet

Another coffee outlet

Another place to sit down and eat in Upper Place Reil.

another RBC ATM

Another restaurant location

Another restaurant that has healthier food so you don't have to run to the Arts Buff or Louis. Perhaps open a Calories.

another tim hortons

Another Tim Horton's - maybe full service? More computer access

Another Timmies.

Another TIM's

Anything but another copprotate store. It seems wrong to support things like A and W on campus.

Bank Canada Trust.

Bank deposits option on ALL atms.

bank retailer, more food restaurants

Bank, Starbucks

Banks it would be good if we could convince various banks to have tellers located in Place Reil.

Basic convenience store

Better food establishments...more variety.

Better food service selection.

Better places to eat with a more healthier food choice. I would also like a better selection of shops to look at and a better selection of office supply stores.

better selection of food might be nice

Booster Juice, Orange Julius, McDonalds, Subway, LUSH handmade cosmetics, Shoppers Drug Mart, walk-in medical clinic.

Booster Juice, Quizno's

Businesses are fine; although another lunch restaurant could be a welcomed addition, perhaps a Subway or a Quiznos.
